Series 400DS

# Finally, a bed that is more than just a bed

With one touch of a button, you can transform your bedroom into a family room, a workspace, or a study area. Throughout the busy day, our adjustable base gives support and comfort as needed – whether you’re relaxing in our Zero G® ergonomic preset, or soothing away your stress with our massage vibrations.

## SPECIFICATIONS

Ergomotion compliments all standard mattress sizes and is operable with or without legs. It will also fit snugly inside most bed frames.

SIZE	DIMENSIONS	WEIGHT (OF BASE ONLY)
TL-Twin Long	38 x 8* x 80 (in) 97 x 20 x 203 (cm)	131 lbs/ 59 kgs
F-Full	54 x 8 x 74 (in) 137 x 20 x 188 (cm)	186 lbs/ 84 kgs

Pictured: queen with black powder coated legs and wireless remote. Fabric, remote and legs may vary.

*With Ergomotion's adjustable base, your bed becomes a center of kinetic activity that goes beyond sleep and rest. With one touch of a button, you can transform your bedroom into a family room, a workspace, or a study area.*

# flexible OPTIONS

We also thought about how your bed fits into your unique living space. Interchangeable accessories like legs in various heights and finishes allow you to customize the look and feel of your bed. Our adjustable base also attaches to any standard headboard and can be placed inside most bed frames. And bedroom set-up couldn't be simpler with our easy-to-use remote and tool-free home assembly.

## *Built in Massage Therapy*

Ease your aches and pains with our relaxing massage settings. Each of the three intensity levels can be set for 10, 20 or 30 minutes of muscle relaxing bliss.

## *Wall Saving Feature*

The Ergomotion base adjusts, without having to adjust the furniture around it. Our wall saving technology allows you to stay in place next to your night stand, even when you raise the head.

## *Interchangeable Accessories*

We offer legs in various heights and finishes, allowing you to customize the look and feel of your base. Our base can also be used without legs, giving you ultimate control.

## *Design Comes First, Second and Third*

You can place your Ergomotion foundation inside any standard bed frame if you choose, but this base is so well designed that it stands on its own. It is a great addition to any modern room.

## *Experience Zero G®*

Taking pressure off your lower back and spine has never been easier. By elevating your legs above your heart, the Zero G preset will increase circulation throughout your body, relaxing those pesky problem areas.

*high-end support*  
**FOR YOUR HIGH-TECH BED**

We've worked hard to make sure Ergomotion clients receive the best possible customer care, which is why our phone system is manned entirely by *live* service agents. Our helpful, well-trained representatives provide nationwide support, handling your concerns and claims from beginning to resolution.
