NOT ALL BEDS ARE CREATED EQUAL

The old mattress and box spring combo is what most people think of as a bed. But at Ergomotion, we call those things antiques. And why wouldn't we? Our Ergomotion adjustable bases put traditional beds to shame. With the touch of a button our frame morphs your bed into whatever form you desire - providing ergonomically correct positioning that supports the natural curvature of your spine and evenly distributing pressure to relieve muscle and joint pain.

Pictured: Queen with stainless steel legs and wired remote. Fabric, remote and legs may vary.

BASE DIMENSIONS

Ergomotion compliments all standard mattress sizes. The bed base is operable with or without legs.

SIZE	DIMENSIONS (INCHES)	WEIGHT (OF BASE ONLY)	WEIGHT CAPACITY
T-Twin	38 x 8* x 74	136 lbs	400 lbs
TL-Twin Long	38 x 8 x 80	141 lbs	400 lbs
F-Full	54 x 8 x 74	183 lbs	450 lbs
FL-Full Long	54 x 8 x 80	198 lbs	450 lbs
Q-Queen	60 x 8 x 80	216 lbs	500 lbs
QS-Queen Split	30 x 8 x 80	117 lbs	400 lbs per side
CKS-Cal King Split	36 x 8 x 84	139 lbs	400 lbs per side

* Height listed is of base without legs. Overall base height will vary depending upon leg height.

YOUR BEDROOM JUST GOT AN UPGRADE

The flat foundation is a thing of the past. Ergomotion's adjustable base is one of the most significant sleep technology innovations of this century, making your mattress more than just a bed.

FLEXIBLE OPTIONS

Ergomotion offers multiple accessories so you can customize your adjustable base to fit your needs. For ordering information contact your local retailer or visit www.ergomotion.us

Black Powder Coated Legs

Stainless Steel Legs

Black Powder Coated Casters

Headboard Brackets

Setup Couldn't Be Simpler

Our intuitive easy to use remote and tool-free setup will have you in bed in no time.

Wall Saving Feature

The Ergomotion base adjusts, without having to adjust the furniture around it. Our wall saving technology allows you to stay in place next to your nightstand, even when you raise the head.

Interchangeable Accessories

We offer legs in various heights and finishes, allowing you to customize the look and feel of your base. Our base can also be used without legs, giving you ultimate control.

Bedroom Integration

Ergomotion's unobtrusive foundation was designed to work with your existing bedroom, not against it. Our adjustable base will attach to any standard headboard and can even be placed inside most bed frames.

HIGH-END SUPPORT FOR YOUR HIGH-TECH BED

Claudia - Service Representative

We've worked hard to make sure Ergomotion clients receive the best possible customer care, which is why our phone system is manned entirely by *live* service agents. Our helpful, well-trained representatives provide nationwide support, handling your concerns and claims from beginning to resolution.
